Dear Sirs,

Please send me a list of your  
publications on coins that will be  
helpful to a teacher of history.

Very truly yours,

Dear Madam:

Responding to yours of the 13th, I am sending a list of our monographs, but these are all so highly specialized that I doubt very much if they will provide the help for which you are looking. For American coins, if you can obtain Crosby's 'Early Coins of America', which should be in your library, you may find some material. If you are at any time able to come to our library, it may be possible for me to aid you to better advantage.

I regret that I am unable to send any more satisfactory response.

Very truly yours,

Secretary
